FOR CITY HOSPITAL

CITY OFFICERS AGREE ON THE AMOUNT TO BE EXPENDED.

Total of \$30,000 for Additions and Improvements-New Engine Houses, to Cost \$20,500, with Land.

The Board of Public Works of the city of considered the very interesting probable results in case of a war with England. Col. Downing declared that he would as lief be ng a war, although he expressed the hope that Ireland will be freed. The board mem- at the five cities for the month was \$29,404.40. bers then reclined in their chairs and told laughter caused Colonel Holloway to come the matter. After these preliminaries and League, 4 p. m.; Epworth League, 6:30 p. the plans for the war had been made, the m.; prayer meeting, Thursday, 7:30 p. m. plans for the improvement of the City Hosplans for the improvement of the City Hospital were considered.

It appears from a letter which the Board of Health has sent to the Board of Works that the former board has agreed on improvements to be made at the hospital. A | ninth member by agreement between the two interests. The C., H. & D. representanorth wing costing \$19,000 is wanted. This | tives are Lawrence Maxwell, jr., addition will not be so elegant as the board at first contemplated, for the first estimate amounted to something like \$45,000. The board also wants \$4,000 for a laundry and boiler room; \$4,000 for nurses' quarters; \$2,000 for the equipment of the boiler and laundry room; \$300 for repairs, and \$700 for furnishngs, making a total of \$30,000. The Board of Safety asks \$18,000 for the construction of four new engine houses and \$2,500 with which to buy the ground for the same. The letters asking these appropriations were merely formal, that the recommendations be included in the ordinance to be introduced to the Council next Monday night. After this important meeting the Board of Works withdrew to the Mayor's office, where an extended conference was held with Mr. Taggart and Controller Johnson. The purport of this conference those present declined to give, but doubtless it was important. From what can be gathered a question of grammar was warmly discussed and a

building ordinance there is a sentence which reads something like this: "No contractor shall occupy more than two-thirds of the sidewalk adjacent to the Mr. Johnson held that the sentence the sidewalk which is adjacent to the building, while the others thought it means that the two-thirds of the occupied sidewalk shall not be that portion adjacent to the building

The argument grew very interesting until Mr. Johnson wagered the suppers that he was right, backing his Earlham instruction against that of the others. Must Clear the Sidewalks.

In compliance with the new ordinance governing the use of sidewalks and streets by builders the contractors on the new C. F. Sayles building, on Washington street, have been instructed to clear the sidewalk of material and obstructions. The ordinance provides that a passageway shall be kept clear and that contractors shall not occupy more than two-thirds of a sidewalk.

Sewer Outlet Causes Sickness. Frequent complaint has been made to the Board of Works concerning the condition of the outlet of the Fourteenth-street sewer. There is much sickness in the neighborhood, which is attributed to the bad condition of the outlet. The Whiteriver interceptor, when completed, will carry away the sewage which is now emp-

Minor Municipal Notes. The Board of Works has adopted resolutions for local sewers in the first alley east

of Park avenue, in Eighth and Tenth The Board of Park Commissioners met yesterday and considered the rules for the government of the parks. The rules are being revised and compiled in an ordinance. The street commissioner's pay roll for this week shows the cost of the Pogue's run force to be \$232.78, the new building force \$75.70, street-repair gang \$127.70, the sewer gang \$107.90 and the bridge gang

CHARGED WITH STEALING \$140. Woman of the Town Accused by Cloverdale Farmer.

Elijah T. Wallace, a farmer living near Cloverdale, caused the arrest yesterday of Anna Conover, an inmate of a resort on Wallace claimed he had been robbed Thursday night of \$140 in money and a valuable cape which he had purchased for his wife, and that the girl was guilty of the theft. The girl was arrested, as were also two other inmates, Mabel Johnson and Bessie Davenport, together with the keeper of the resort. The Conover girl was held on the charge of grand larceny, but the other women were allowed to go on cash bai, furnished by the Foster woman. The accused girl says Wallace made her a present of the cloak and gave her \$25 besides, but insists that she knows nothing about the balance of the money which Wallace claims

Wallace was locked up on the charge of visiting an evil resort, and was unable to furnish bail. The cases will come up in Police Court this morning, and the women scem to think they will be discharged, as it is the policy of the police authorities to prevent the force from being used for the purpose of persecuting immoral through spite and jealousy. The Foster woman, according to the police, has never been accused of dishonesty, although she has been frequently arrested.

Will Leave the City.

Abe Lloyd and Peter Laughlin were discharged in Police Court yesterday morning on the promise that they would leave the city. They were arrested at an early hour by Superintendent Colbert and Captain Quigley. Lloyd answered questions, but Laughlin showed indications of drawing a revolver, whereat Colbert struck him

No Objection Offered by the Canadian Pacific-Work of the Local Weighing and Inspection Bureau.

At the meeting of the transcontinental lines in Chicago yesterday the question of Canadian Pacific differentials was taken up, and at the conclusion of the meeting Chairman Caldwell was instructed to inform all interested lines that hereafter the transcontinental roads would not participate in differential rates or in anything but the regular standard rates from the territory from which these differentials have prevailed. The differential rates which have thus been wiped out have been in effect for about a year and were allowed the Canadian Pacific from the territory east of London, Ontario. The Canadian Pacific, which was represented at the meeting, made no objection to the abolishment of the rates, claiming that it would lose nothing if the other roads maintained the tariffs as they have agreed to. The Union Pacific has agreed to call in all of the tickets of its issue which have been causing demoralization on the Chicago market, and has agreed further that there shall be no more trouble because of its tickets.

the L. D. & W. The executive committee of the Trunk Line Association was in session at New York yesterday. The object of the meeting was to consider lake and railroad rates for next summer. The lake managers, that is, the members of the association of the lake lines, met with the committee. The subject of rates of this character was referred to the lake managers. They will report in the near future.

Among business men at this point a be-lief prevails that the Cincinnati, Hamilton & Dayton people are making a mistake in not building a new city freight depot. Un-der present conditions the loss of businessis greater than can be the gains should the C., H. & D. people secure the damages the company claims for cutting it off from its old freight depot site. The company, in securing control of the Indiana, Decatur & Western, gets over three acres of ground within three squares of the business center, and could enlarge the L., D. & W. city freight depot for use for the present, and then be in better shape for business than

George Bradbury, vice president and general manager of the Lake Erie & Western and other Brice lines, is quoted as saying and other Brice lines, is quoted as saying that it was a mistake, as reported, that the Brice people were disappointed that the Cincinnati, Hamilton & Dayton had secured the Indiana, Decatur & Western. He never was in favor of the Brice syndicate purchasing the property, as it would simply be competition on the part of the Lake Erie & Western with itself, as, at any point the Indiana, Decatur & Western would have opened to the Lake Erie & Western, the latter would get a longer haul were it hauled over their main line and then transferred to over their main line and then transferred to

the proper connection. City roads have in the last few days been discharged. Some of the conductors were on the Santa Fe, others on the Chicago & Rock Island. A conductor on one of these roads says: "Nearly every pas-senger train running out of Kansas City these days has a spotter on board, and it is needless to say that the companies employ these spotters for the sole purpose of ascertaining if the conductors are dishonest. To a great extent the conductor are at the mercy of these despicable tools. If they return a report against a conductor he loses his position and is branded as a thief, though he never stole a cent." Thomas Noonan, general manager of the Central States Dispatch, in conversation said that freight officials and business men, in commenting on the present movement of grain, did not take into consideration that already more corn has been handled by the railroads for Eastern and export markets than had been handled up to Jan, 1 last year. Corn ripened three weeks earlier this year than in the fall of 1894, and begun to move promptly, as it was dry and in excel-lent condition to be shipped. He looks for a large movement of grain for some weeks to come, but not for the heavy movement that some of the freight officials have indicated in their statements. It has been a very favorable season for moving grain. The roads have been able to haul full trains and move the freight with unusual promptness.
